2009 – 2010 Academic Excellence Indicator System Report

Report of 2007 – 2008 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2009

Report of 2007-2008 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2009

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2007- 2008 high school graduates who attended public four-year and two-year higher education in FY 2009. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2008, spring 2009, and summer 2009 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2009, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2009 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of institution attended by students in this report may not match that given in THECB's high school to college report at <http://www.thecb.state.tx.us/Reports/PDF/1802.PDF>. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

**Texas High School Graduates from FY2008
Enrolled in Texas Public or Independent Higher Education in FY 2009**

County	District	Total Graduates	GPA for 1st Year in Public Higher Education in Texas					Unk
			<2.0	2.0- 2.49	2.5- 2.99	3.0- 3.49	>3.5	
STOCKDALE ISD								
	247906001 STOCKDALE H S							
	Four-Year Public University	14	2	4	5	2	1	0
	Two-Year Public Colleges	13	4	1	0	3	4	1
	Independent Colleges & Universities	2						
	Not Trackable	0						
	Not Found	25						
	Total High School Graduates	54						

Source: Texas Higher Education Coordinating Board and Texas Education Agency
 "Not found" graduates have standard ID numbers that were not found in the specified Fall term at Texas higher education institutions.
 "Not trackable" graduates have non-standard ID numbers that will not find a match at Texas higher education institutions.
 Includes high schools with more than 25 graduates. If enrollment in public higher education less than 5, the GPA data is omitted.
